Image:

• a paradise
oasis w/ a
mirror/sink
subject.

• a Bathroom
structured
composition w/
a softly blurred
pastel horizon

• Pink should
carry the scene
in a whimsical
grainy gradient
mixing warm
neutral tones
into: Blue, orange,
lavender & white.

• continue ↓

Hero Image:

- The margins of the picture should be filled with House Plants. (ferns, elephant ear leaves, Vines - monstera Variants multiple deep & pastel greens. mixed with decorative Branches & floral elements.

- Lotus, Roses, Lavender orchid, & lily Variants.

- The Top of the image should have a tiffany studios inspired stain glass light fixture w/ the shape & pattern based on an abstract Turtle Shell.

- Like the upper remaining space w/ light. - using lighting not physical structure

- The light should move into a hazy sky - horizon gradient.

FLOOR.

The Subject & floor:

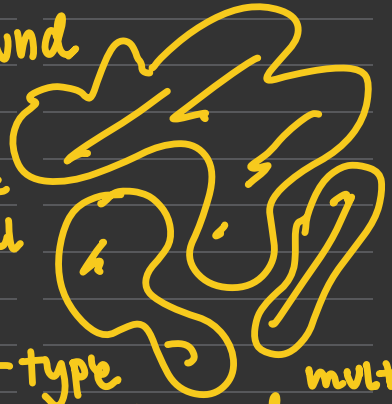

- a organic shaped round wooden framed mirror

- directly below a Sink Bowl that is a Sea Shell

- opal

- iridescent

- liquid poured enamel-type

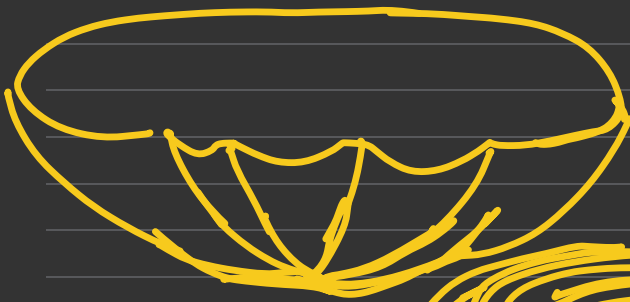

multi-

shaped glass

w/ wooden frame

liquid swirl pure:

- The faucet should like like a fem-floral shaped custom piece.

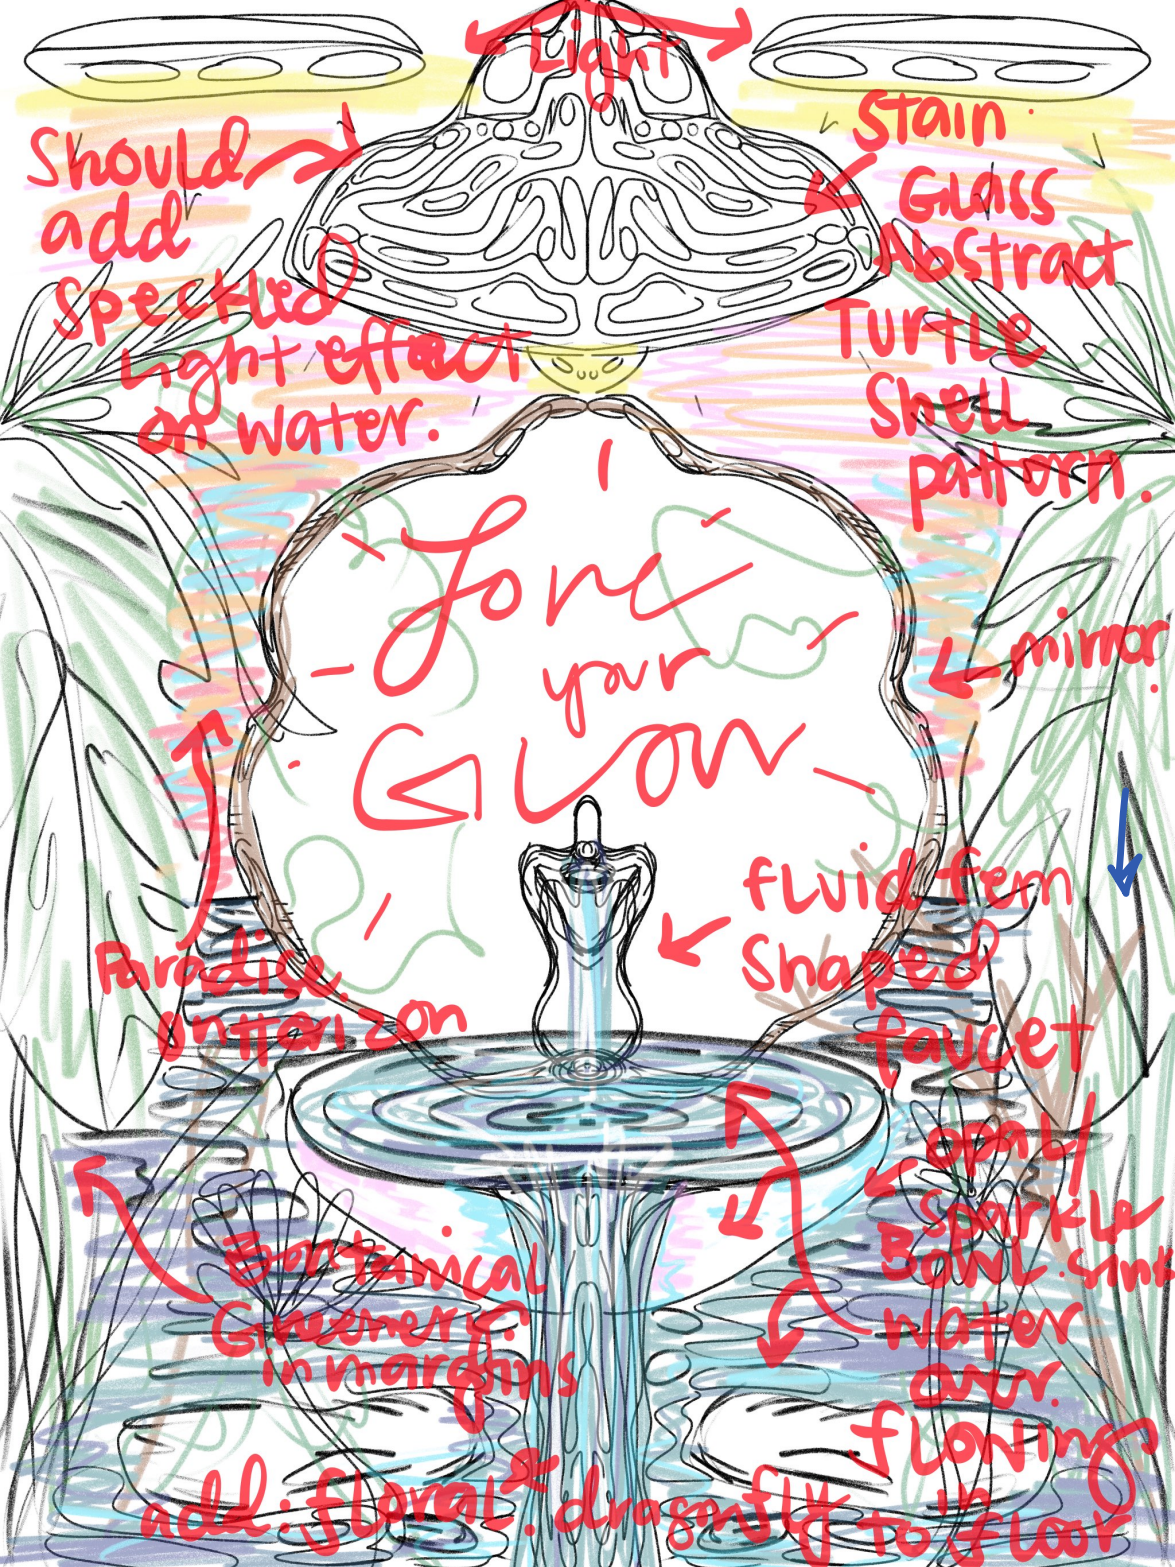

Should have no handles

But be running - overflowing

onto floor.

floor should be a fresh water bank w/ Spa stones, dragonfly, lily pads a mist.

Light

Stain

Glass Abstract

Turtle Shell pattern.

Should add speckled light effect on water.

Love your GLOW

mirror

Paradise on the horizon

fluid form shaped faucet

optly sparkle bowl sink water over flowing

Bottanical Greenery in margins

add: floral dragonfly to floor

SCROLL ↓

1. User should see just the full hero

- The mirror should blur & the text should present itself in an animation

"Hello Beautiful... I love your Glow... the Amber A Logomark"

The mirror text should have a typewriter animation.

2. The Background should fade

- the text disappears (mirror fog-blur)
- Ambers portrait appears in a wipe effect triggered by scroll

★ Hero image should fully focus on portrait. outer space becomes gradient contrast from BOLD hero text with CTA @ the Bottom.

★ image scales inward to create eye breathing margins a pause in interaction or stall should allow full animated UI to complete into CTA w/ Buttons... ↓

The Site should Remain "running" Through footer. ↓

3. upon scroll or "click" to start; the user should move into a loading screen where stream of water becomes a downward moving transitional experience reveals: about section → service cards; customer experience & mission section → CTA → overview of services → experience summary → products → contact → forms → Back to top - footer

★ header, menu, Booking - contact buttons should always be visible & accessible after revealed.

★ move from portrait into Grid Layout cards should move in to the page from the sides a fall out under newer cards in a

"↘" motion ★ text should be type animated a freeze for v1.

- Time interactions
- Keep text minimal and intentional
- Grids should allow images & other blocks to sit on a mobile screen and look dynamic on a desktop.
- Round all corners.
- Remove Back grounds from portraits
- Reveal rich Back Grounds
